

## Bass Lakes Area Environmental Partnership Annual Meeting

June 10, 2023

Summer is here and so is the Bass Lakes AEP (Area Environmental Partnership) Annual Meeting!

This meeting is for **both Big Bass and Little Bass Lakes** property owners, and anyone else interested in what we're working on. Everyone is welcome!

You are invited to help us kick-off our huge **DASH Boat Campaign** (Diver Assisted Suction Harvest Boat). Yep, that's right, with your donations we will reach our goal to help control milfoil in our lakes and minimize/eliminate herbicide treatment. We need \$60,000 to purchase a boat and the equipment. (For your reference, BBL historically has spent \$20,000 - \$30,000 **per year** on chemicals since 2009 😊) Hear all about it at the meeting.

You can make a [DASH Boat Donation](#) now! You can also make a donation at the June 10 meeting or mail a check to: Bass Lakes AEP, PO Box 15, Irons, MI 49644.

Bring a lawn chair and your checkbook. Hope to see you there!

Tom Shear & Heidi Haskins' house  
**8449 W. Lisaius Lane**

### **Agenda:**

- Updates on BBL & LBL
- DASH Boat Project Campaign Kick-off!**
- MSU Presentation on Lake Plants
- Hand pulling Milfoil
- Lunch (\$10 donation requested)

Kind Regards,  
Lisa Adams
